

Atlas DMT Price List

Valid since October 2006

ATLAS DMT, Version 4 Digital Model of Terrain

Order Nr.	Product:	LIGHT <i>up to 2500 pts.</i>	STANDARD <i>up to 60 000 pts.</i>	MEGA <i>up to 10 mil. pts.</i>
Basic Module				
4.0	ATLAS DMT Creation of the digital terrain model, editing and visualization in special graphical editor (contour lines, hypsometry, slopes, descriptions, raster images),	1 360 €	1 910 €	2 860 €
Extension Modules				
4.5.2	DESIGN - tools for working with several terrain models, (area operations, comparison of two models, etc.)	660 €	880 €	1 320 €
4.5.3	SECTION - profiles and cross sections over polygons	590 €	840 €	1 250 €
4.5.4	VOLUME - volume computations	530 €	660 €	840 €
4.5.5	GENERAL - height generalisation (deleting of redundant points)	440 €	640 €	950 €
4.5.6	3D RASTR - 3D visualization of the terrain model, animation	390 €	570 €	850 €
4.5.7	3D OBJECTS - visualization of additional 3D objects (vegetation, facades)	350 €	350 €	350 €
4.5.12	MINING - special volume calculations, mining design	1 030 €	1 470 €	2 200 €
Atlas DMT Packages				
4.1	ATLAS Project Atlas DMT + Section	1 690 €	2 400 €	3 500 €
4.2	ATLAS Project Plus Atlas DMT + Design + Section	2 280 €	3 190 €	4 650 €
Section Applications				
3.2.1	DRAIN - gravity drainage interactive design	1 000 €	1 000 €	1 000 €
3.2.9	EROSION - hydrology tools and erosion computation	374 €	528 €	792 €
3.2.10	AVALANCHE - hydrology tools and avalanche paths	572 €	792 €	1 188 €
4.6.11	BLAST - planning of bench blasts			2 464 €
4.6.12	TUNNEL - laserscan data processing in tunnel surveying			6 600 €
Upgrade:				
	Upgrade from the version 3.8		for 30% of new prices	
	Upgrade from the versions 3.0-3.5		for 40% of new prices	
	Upgrade from the version 2		for 60% of new prices	
	Upgrade from the version 1 (DOS)		for 80% of new prices	
<i>More detailed information on request</i>
